

Jürgen Langlet

Jürgen Langlet is principal and teacher at the International School in Brussels. He teaches biology, chemistry, physics, Latin, philosophy and ethics. Since 2010, Mr Langlet has been the MNU's national chairman. In this position, he coordinates the activities of the organisation's national board and its subject specialists. He is responsible for all MNU activities (publications, congresses, seminars, further training, the association website, general meetings, relations to the 18 MNU state associations, etc.) and represents its standpoints publicly, as well as at committee and board meetings.

Langlet works as well at the German School in Genoa, as school inspector in Lower Saxony, head teacher for biology and as principal of the Johanneum high school in Lüneburg. He is co-author of Fachdidaktik Biologie (didactics of biology), publisher of several books on teaching biology and numerous other publications.
